We understand that your [redacted] Separation 9 1/2" Processor has been declared surplus to your needs.

We can use the processor in our [redacted] Utah and therefore, request that it be transferred to this Agency.

We will arrange to pick up the processor from your loading dock and transport it to our laboratory when you notify us that the necessary paper work has been processed through your organization.

We will need some advance notice so we can arrange for transportation to the laboratory.

When you have a definite date, please give either [redacted] or myself a call. [redacted]

We understand, also, that the [redacted] RF-12 Processor may be declared surplus to your needs.

We know that this machine can be effectively utilized in our [redacted] [redacted] therefore should you decide to surplus the machine, we request that it be transferred to this Agency. We will assume responsibility and furnish the personnel required to disassemble the machine and move it to the loading dock and onto the truck.

Agencies would require some advanced notice to arrange for the necessary personnel and transportation. Disassembly could be completed for a week-end should you so desire.
